Did you miss the Freedom Summit and the talk on Community Living?

Well, Mark and AB will be in Brisbane next Thursday night (3 December) and Sydney and Melbourne for the following week (10 & 11 December) to talk about the Freedom Summit wrap up, (incl. Max Igan's bashing incident).

The guys will give talk on "Re-creating the village" with opportunities still available to join the Bhula Bhula Community Village near Mount Warning in Northern NSW and they can show you how you too can be part of a new ethical investment entity being set up right now!

If you have any interest in these topics, or being involved in the investment opportunities DON'T WAIT or you will MISS OUT... as there very limited investment places available.

Brisbane

Date: Thursday, December 3, 2015
